It was a success from its début in 1968, a symbol of the revolutionary and non-conformist ferment of the time. Young, carefree, compact and versatile, it continues to delight the world with its spirit of irreverent modernity and its innate style. To keep its freshness intact, today, the Vespa Primavera receives a technological, dynamic, ecofriendly makeover. It opts for premium lines and details for an increasingly distinctive and contemporary design, carefully researching materials and combinations, and is enriched with top-class technological features.

ICONIC DESIGN

RED WHEEL RIMS

(VESPA PRIMAVERA)^{RED} emerged from the partnership with (RED), which the Piaggio Group has supported since 2017. Founded by Bono and Bobby Shriver in 2006, (RED) seeks to encourage companies to allocate a sustainable cash flow to the Global Fund for the fight against AIDS and Covid-19, as well as boosting public awareness and keeping a focus on the issue. The characteristic Rosso Red colour scheme, which elegantly clads the entire body, also colours the wheel rims and the ergonomic seat, made in soft Nabuk, making (VESPA PRIMAVERA)^{RED} truly unique and recognisable at a glance.
